

## **EXERCISE** LONG-REACH 2022 + **EXERCISE** ISLAND FIRE 2022 FRIDAY 11TH NOVEMBER 2022

**The public is reminded that an exercise will be stage on Friday 11th November 2022.**

Objective of the Exercise:

Is to support the current review processes and the development of the new revised Savo Volcano Emergency and Disaster Management Plan, including supporting appropriate Government Technical Agencies with specific mandates on volcano and other hazards to develop volcanic and other related products and procedures.

Aim of the Exercise:

Is to test the community evacuation arrangement, P-DOC and N-DOC coordination arrangement and operational procedures in coordinating evacuation response and associated Humanitarian Assistance and Disaster Relief (HADR) through the National Disaster Council (NDC) arrangement.

**NOTE:** This exercise will conducted by the NDMO, SIMS, GSD, RSIPF and the Australian Defense Force - ADF in collaboration with other stakeholders and partners. It is being planned and executed by professionals so **DO NOT PANIC!!!**

***For more information about this Test Exercise, please contact National Emergency Operation Center [NEOC] on phone, 955 / 27936 or 27063 & email: [NEOC@ndmo.gov.sb](mailto:NEOC@ndmo.gov.sb)***
